

JTC 2006 Meeting Next Steps

- Meet with Steve Page to discuss training – what will EPA agree to do in the short term and long term, so we know what gaps we need to fill.
- Goal: have course schedules for calendar year set by October of the previous year.
- Form subcommittee to create standardized needs assessment format that each regional consortia can use. Sum these regional needs assessments to discern national training needs.
- Update National Training Strategy and slide presentation on it.
 - Highlight which activities/responsibilities are assigned to EPA for presentation to Steve Page.
- Course format subcommittee to look into pilot.
- Curriculum subcommittee – next steps.
- Talk to Dan Johnson regarding creating a website where regional consortia can post course calendars.
 - Bill Wiley may know of software
- Training providers to send to Mary Boyer which courses they teach and who the instructors are; Excel format.
- Regional consortia to send to Mary Boyer the instructors they use for each course and specialized courses – with instructor names – they give; Excel format.
