

**FEDERAL REGISTER, Vol. 66, No. 22, FEBRUARY 1, 2001**

NOTICES

Agency information collection activities: Proposed collection; comment request, Submission for OMB review; comment request, 8588 - 8594:

-----

(12) Source Compliance And State Action Reporting; EPA ICR Number 0107; OMB Number 2060-0096; expiration date December 31, 2001.

**B. Contact Individuals for ICRs:**

(12) Source Compliance And State Action Reporting; Mark Antell of the Data Systems & Information Management Branch at (202) 564-5003 or via E-mail at [Antell.Mark@epa.gov](mailto:Antell.Mark@epa.gov); EPA ICR Number 0107; OMB Number 2060-0096; expiration date December 31, 2001.

**C. INDIVIDUAL ICRs:**

(12) Source Compliance And State Action Reporting; EPA ICR Number 0107; OMB Number 2060-0096; expiration date December 31, 2001.

Affected Entities: Entities potentially affected by this action are those State, District, Commonwealth and territorial governments that make air compliance information available to EPA on a quarterly basis via input to the AIRS Facility Subsystem (AFS) of the Aerometric Information Retrieval System (AIRS).

Abstract: Source Compliance and State Action Reporting is an activity whereby State, District, Commonwealth and territorial governments make air compliance information available to EPA on a quarterly basis via input to the AIRS Facility Subsystem (AFS) of the Aerometric Information Retrieval System (AIRS). The information provided to EPA includes compliance determinations and compliance activities. EPA uses this information to assess progress toward

meeting emission requirements developed under the authority of the Clean Air Act to protect and maintain the atmospheric environment and the public health. The ten EPA Regional offices, and most of the State agencies access the data in AIRS to assist them in the management of their air pollution control programs. This collection activity is authorized and required in the following subsections of regulations implementing the Clean Air Act under “Subpart Q - Reports” in 40CFR51: Sections 51.323 (c) (1), 51.323 (c) (2), 51.324 (a) and (b), and 51.327.

In addition to renewal, this ICR will also be updated as necessary to take into account the revisions that are currently being considered for the Agency’s Clean Air Act Stationary Source Compliance Monitoring Strategy (CMS). The goal of CMS is to provide national consistency in developing stationary source air compliance monitoring programs, while at the same time providing States/locals with flexibility to address local air pollution and compliance concerns. Based upon the draft CMS revision, there will be additional collection activity associated with facility identification; compliance evaluations; investigations; annual inspection plans; and the results of stack tests and Title V self-certifications.

Burden Statement: In the previously approved ICR, the total long-term reporting burden was approximately 59,364 hours annually. The total annualized cost burden was estimated as \$1,886,407. The burden on organizations other than the Federal Government was approximately 35,884 hours at a cost of \$1,014,829.
